Experience

IceHut techonologies

July 2024 – August 2024

Frontend Developement Intern

Jaipur, Rajasthan

- Developed a responsive portfolio website using HTML, CSS, and JavaScript, ensuring a modern and user-friendly design.
- Built an interactive quiz website integrating an API to fetch questions based on user-selected topics and number of questions.
- Implemented timer and scoring functionality to enhance the user experience and track quiz performance.

Projects

Responsive Personal Portfolio: | HTML, CSS, JS

December 2024

- Designed and developed a fully responsive portfolio website showcasing personal projects and skills.
- Implemented smooth animations, interactive sections, and a user-friendly UI for enhanced engagement.

Notes App | HTML, CSS, JavaScript

November 2023

- Created a Notes application where users can write, edit, and delete notes.
- Used local storage to save notes permanently.

Movie Search App | HTML, CSS, JavaScript, OMDB API

April 2024

- Developed a movie search application where users can search for movies and view details like ratings, release date, and plot.
- Integrated the OMDB API for fetching movie details dynamically.
